ABOUT THE COURSE:

This workshop is a DONA International approved training. It will satisfy DONA requirements for classroom hours.

The course is designed for those that are exploring new career options, or childbirth professionals and others already offering support to new and expectant families.

Throughout the class participants will engage in exercises, activities and discussion designed to integrate new information with personal and professional experiences.

Please go to www.dona.org for a reading list and information on prerequisites (breastfeeding class and three books), and the complete certification process.

THE TRAINERS:

Betsy Schwartz has been working as a professional postpartum doula since 1992, and has been training doulas since 1995. Betsy established Tenth Month in 1994 in South Florida. She is a founding member of the Coalition for Improving Maternity Services, Inc., where she served on the Board for three years. Betsy is also founder and past president of Birth Network of Florida.

Sophia Cannonier, CD (DONA) will be assisting.
